### MEETING ENDS

Closing Session of Federation Held at  
the Washington Theater Friday  
Night—Interesting  
Addresses.

The closing exercises of the Kentucky Federation of Women's Clubs was held Friday night at the Washington Opera House following the civic banquet at the Masonic Temple. After the invocation by Rev. J. H. Fielding, the new officers were introduced, followed by the report of the Resolution Committee.

The main address of the evening was made by Mr. Alexander Johnson, who for more than two hours kept the close attention of the audience with his address on "The Menace of the Feeble Minded." Mr. Johnson knew his subject thoroughly and he presented it in such a way as to bring conviction to his hearers. He is field secretary of the National Association for Prevention of Feeble Mindedness and his work is known throughout the United States.

Two short addresses were made on "The Need of Woman Suffrage" by Rev. John Harbour of this city and Mr. Walter T. Millard of Cincinnati. Mr. Millard is a man of culture, ability and power as a speaker and for the few minutes that he spoke ably presented the cause of votes for women. His arguments were concise, clear and clean-cut, and his handling of the subject kept the audience enthralled, even though the program had been going on for about two hours and a half when he began.

The reports of the various departments after the report of the Election Committee on Friday morning were very interesting, especially the Industrial and Child Labor Department by Mrs. Lewis N. Davis and that of Mrs. Murray Hubbard, Vice Chairman of the Kentucky Equal Rights Association and Special Committee from the Kentucky Federation of Women's Clubs to secure from the General Assembly the submission of a woman suffrage amendment to the State Convention. Mrs. Hubbard's report sparkled with personal reminiscences at Frankfort and was most interesting to those interested in legislative processes and the records of legislators.

The conferences held in the afternoon in the Third Street M. E. Church were very interesting. Reports and discussions of the various departments touched upon were health, philanthropy, libraries, home economics, education and industrial and child labor. The regular afternoon program began at 3 o'clock at the First Presbyterian Church with a prayer by Rev. H. B. Wilhoite. Mrs. A. M. Harrison made a splendid report on the Social Hygiene Department. Evangelist Herbert Yeuell gave an excellent short talk on "The Educational Value of Motion Pictures."

Miss Alice Lloyd is always interesting as a speaker. Her address on "Kentucky Laws For the Suppression of Vice" showed that she had made a careful study of her subject and worked out in a most interesting and thoughtful manner. "Contributing Causes of Delinquency Among Women" by Mrs. Robert K. Masie was also ably presented and at a climax to the two preceding talks. Mrs. Masie gave a well rounded out talk on "Prevention."

### SPECIAL ANNOUNCEMENT OF THE YEUELL MEETINGS

The various meetings to be held in the Growers are as follows:  
Saturday night Lecture on Yellowstone, The National Park.  
Sunday Morning a Big Bible School.  
Sunday Morning Sermon on "Prayers God Cannot Answer."  
Men's Meeting at 3:00 subject: "Man With His Hair Cut Short."  
Sunday Evening's subject: "The Sleeping Dove."  
Baptismal Services on Monday at four o'clock.

There were many new persons in attendance at the Yeuell Meetings last night. Though quite a few of those who have been regular in their attendance found it necessary to accompany their lady guests to the other service yet the audience was still good sized and inspired Evangelist Herbert Yeuell to do his best. The picture he drew of the sufferings of Jesus and of the manner in which each tried to blame the other for not helping to save this Prophet of God from death, where so impressed upon the mind of the hearers that they cannot be soon forgotten.

Following the service the chorus had a rehearsal preparing for the service tonight and Sunday. It is expected that the largest number will be in the chorus on Sunday of any time thus far during the meeting. Any singer who will do so is asked to enter this chorus.

The doors will open at seven tonight. The picture of the National Park views which will be shown tonight are all given a natural coloring. The last time Dr. Yeuell visited the Yellowstone Park was in 1914. Many of the pictures to be shown on the screen were taken by himself.

### ENFRANCHISEMENT OF WOMEN URGED

At the closing session of the twenty-second annual convention of the Kentucky Federation of Women's Clubs at the Washington Opera House Friday night, the following resolution moved by Mrs. Helm House of Louisville, and seconded by Mrs. Murray Hubbard was unanimously adopted: Resolved, that the Kentucky Federation of Women's Clubs urge upon the political parties that they endorse the enfranchisement of women in this state and National Conventions.

The following self-explanatory letter from Miss Nell Sutherland, now teacher of history in the High School was read and accepted:  
Maysville, Ky., May 17, 1916.  
Secretary Board of Education,  
Maysville, Ky.

Dear Mr. Hubbard:  
I herewith tender my resignation of the position I am now holding to take effect at the close of the present school year.

During my seven years' stay in Maysville as a teacher in your high school I have received only courtesy and kindest consideration from the Board of Education.

I wish to take this means of expressing to the members my sincere appreciation of all that they have contributed towards my pleasant years of service here.

Very truly yours,  
NELL SUTHERLAND.

Miss Sutherland goes to Ashland as a teacher in the public schools of that city and it can be truly said that Ashland's gain is Maysville's loss.

Prof. W. J. Caplinger continues as superintendent and Prof. G. C. Mance as principal they having been elected for a period of more than one year.

Miss Edith Dickson was not a candidate for re-election as a teacher of the domestic science department and no one was selected to fill her place. At a meeting of the board in June all vacancies will be filled.

On motion it was ordered that the summer school be continued under the tutelage of Prof. W. T. Berry.

Portsmouth won its ninth straight victory Friday.

### PUT TO ROUT

Lexington Easily Defeats Maysville in Second Game of Series by the Score of 9 to 1—McGraynor Knocked Out of Box.

Lexington had easy picking in the second game of the series here Friday by the score of 9 to 1. Manager Jones tried to produce a winning combination by switching the line-up again but it was of no avail.

"Muck" McGraynor started the game for the locals and for six innings his offerings were hammered all over the lot, the Colts reaping six runs and ten hits in that time. In the seventh inning Harry Few attempted to take up the burden but the visitors were not to be stopped and a hit batsman, three hits and an error were good for three more tallies in the eighth.

Birch pitched a steady game for Lexington, allowing the locals only five scattered hits and one run. Maysville made its only score in the first inning when Thulin walked, went to third on Kelly's single and scored on Jones' sacrifice fly. The locals secured three extra-base clouts but none of them counted for anything.

### NOTES

Manager Jones let the axe fall Friday night on four players—Outfielder Devore, Infielder Schlenker and Corwin and Pitcher Few. Most of these men have not been playing up to the standard deemed necessary, which caused their release. Few looked promising as a pitcher but the management did not think it could afford to experiment with him and allowed him to go. Several new faces will be seen on the team within the next three days.

Wickham, the new third baseman, played a nice game in the field Friday accepting six chances without a bobbie. In the third inning he made a nice catch of Devereux's foul hit near the west end of the grand stand. He hit the ball solidly every time he was at bat but could not pole a safety.

Manager Gwyn of the Colts had a great day in left field getting eleven putouts without a bobbie.

It seems impossible for the team to break the old Ladies' Day hoodoo—but perhaps they would have lost even if the ladies had stayed at home.

Clark, Chief of Police James Mackey and Banker H. C. Sharp be compelled to issue a properly certified report of the election held on November 3, 1914.

### GOOD RAINS ARE BADLY NEEDED

Dry weather is greatly hindering the work on the farm and unless the next few days bring forth a copious shower the farmers will suffer a great inconvenience. Early gardens are beginning to show the sign of needing a good soaking rain to moisten the ground to the roots of the plants, and grass is suffering to a considerable degree. A considerable amount of corn planting also there is a good amount that remains yet to be seeded. The corn acreage in Mason county this year will be very large, but unless a good rain comes within the next few days it will suffer a considerable drawback.

Tobacco plant beds are looking well in spite of the prolonged dry spell and many growers are making preparation to soon begin transplanting. In some sections of the county there is considerable tobacco ground that has not been fully prepared for the tobacco plants and in other sections the need of a good season is all that is lacking to go on with the work.

Mrs. Susan Buckner and Mrs. F. Sullivan of Winchester and Mrs. Thomas H. Clay, Jr., of Paris were guests of Mrs. John Hall of East Second street during the recent meeting of the Kentucky Federation of Women's Clubs.
